

How to Access Your Child's XtraMath Account

Step 1: Go to: xtramath.org

Note You can use any device. Use google chrome, safari, or any other web browser you prefer. Your child is most used to using a touch screen to complete XtraMath.

Step 2: Click "Sign In"

Note The "Sign In" location may be in one of the two places shown (below shows the typical computer or tablet location and to the right shows the typical mobile device location).

Step 3: Enter your child's login information and click sign in:

Note Be sure you are in the "students" tab. Then, enter Mrs. Daihl's email, your child's name, and your child's pin as shown below.

1. Email:

First name:

PIN:

2. Remember me on this device  [Forgot your PIN?](#)

3.

Note If you click "Remember me," then you will not have to login the next time. Your child's name will automatically appear.

Step 4: Have your child click

Note Have your child continue to click "continue" until he/she has completed the "Progress Quiz" and as many rounds of "Race the Teacher" as it asks him/her to do. When your child is finished, XtraMath will redirect your child back to the sign in location and indicate your child is finished with a green checkmark.
