

hello  
**FEBRUARY**

REMINDERS

**Valentine's Day:** Remind your son/daughter that Valentine's Day can be a day for hurt feelings. If they are bringing in valentine cards or treats, they should bring for all of their homeroom classmates.

5AR = 10  
5JR = 12

MATH

This month in math, 5th grade will be learning about customary measuring and converting units of measurement. Once they complete that lesson, we will begin learning decimal place value.

SCIENCE

5AR will begin the science unit on floating and sinking.

5JR will begin the science unit on levers and pulleys.

READING

This month in math we will be finishing up unit 4 and beginning unit 5. Unit 5 in our reading unit is about the west. It's called, "Under Western Skies" Our main lessons in February will be: theme, main idea and details, cause and effect, author's purpose, and sequencing.
