- April 18-21 Easter Break- No School
- April 22-24 PSSA ELA for Grades 3-5
- April 25 School Store
- April 28-29 PSSA Math for Grades 3-5

### Math:

We will be learning about 3-D and 2-D shapes and fractions. Look for ways to practice your child's math skills in your daily lives.

### Reading:

We are excited about the progress each of the students have made this year. Please continue to read daily with your child, because there will be one more reading assessment before the end of the school year. You may also ask your child to retell the story he/she has read. Your child should tell the characters (who), setting (where), and tell about the beginning, middle and end of the story.

Most of all, enjoy the time you spend reading with your child!

### Summer Packets:

Prevent the "summer slide"! When children do not practice the skills they have learned, often students lose or forget the skills. If you are interested in some materials to avoid the regressing over the summer months, please send in a note requesting a summer packet.

Thank you for helping your child be successful in school.  
Sincerely,  
Mrs. Bain  
Mrs. Hall

## A SPECIAL THANKS

We appreciate your contributions to our classrooms.  
At this time, we are running low on hand sanitizer and sanitizer wipes.  
Thank you!
