**FANNETT-METAL
SCHOOL DISTRICT**

Inspiring And Empowering All Learners
For Tomorrow's Challenges

Dear Fannett-Metal Parents and Families,

I am delighted to welcome you and your children back for another exciting school year! The beginning of a new school year is always a special time—filled with fresh opportunities, new friendships, and learning and discovery for our children.

As your Superintendent, I want you to know how excited we are to welcome our students back. Our teachers, administrators, and custodial staff have been working hard this summer to prepare safe, supportive, and engaging learning environments where every student can succeed.

I am also especially pleased to share that several new teachers will be joining our school district this year. These talented educators bring fresh perspectives, enthusiasm, and a strong commitment to helping our students learn and thrive. We are excited to welcome them to our school community and know they will make a positive difference in the lives of our students.

This year, we remain committed to providing an excellent educational experience that supports not only academic achievement, but also the social and emotional well-being of every child. We believe that strong partnerships between our schools and families are essential to student success. We look forward to working together throughout the year.

I encourage you to stay connected with your child, communicate regularly with teachers and take an active role in celebrating your child's accomplishments and supporting them through challenges. Together, we can create a positive and inspiring school experience for every student.

Thank you for your continued trust and partnership. We are honored to serve your families and are looking forward to a wonderful year ahead.

Warmly,

A handwritten signature in blue ink that reads "Dr. Tara Will". The signature is fluid and cursive, written over a light blue horizontal line.
